Dear Mr. Weisberg,

Please send price, edition (paperback or hardcover), and ordering information regarding your books Oswald in New Orleans, Whitewash, Whitewash II, Photographic Whitewash, as well as availability of any other of your writings or other valuable material regarding the assassination.

I regret not already having at least the Whitewash pair, as I had opportunities in the past to purchase them, but in the great flow of information about the event, I failed to immediately recognize the great value of your work, now generally recognized among people seeking the facts.

Sincerely,

Martin R. Shackelford
